LADDERS

# SAYFAGUARD™ LADDER

The SayfaGuard™ Ladder range is designed to provide a safe and easy way to access a roof or platform. The SayfaGuard™ Ladder range incorporates all standard configurations including bridge steps, platforms, hoop cages, and fall arrest track mounted travellers.

The ladders are designed and assembled to order in line with your specific dimensions. The entire SayfaGuard™ Ladder range is available in either aluminium or stainless steel depending on your specific building or purpose requirements. The ladder can be polyester powder coated to RAL colours to suit your building's aesthetic.

## SAFETY STANDARDS

Approved for use to standards:  
BS 4211-2005 + A1-2008 & BS EN ISO 14122-4 :2016.

## SECURITY

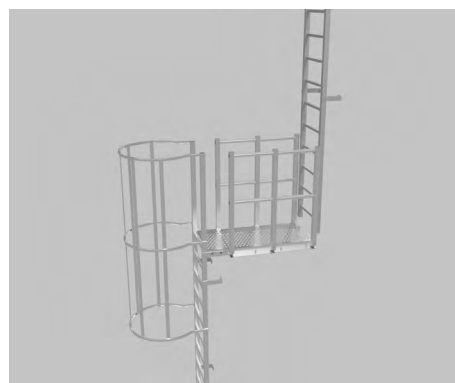

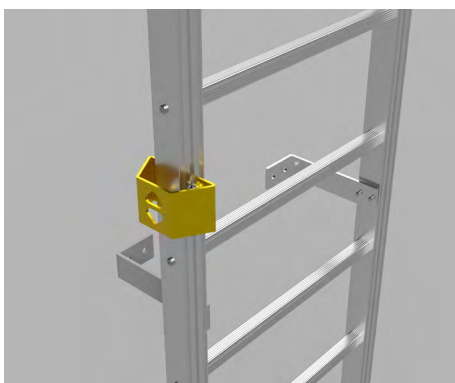

For added security, Rung Covers and Ladder Gates can be fitted to prevent unauthorised use of the ladder.

## WARRANTY & MAINTENANCE

10 Year warranty as standard. 20 Year Sayfa+ Warranty, partner inspected and certified at 12 month intervals.

## APPLICATION

The SayfaGuard™ Ladder range can be installed on PMS, Brick & Mortar, Steel, Concrete.

## SAFETY OPTIONS

### SAFETY CAGE

The ladder is fitted with a safety cage which is designed to prevent the user falling away from the ladder rungs.

### SAFETY TRACK

The SafyaGuard™ Ladder can be supplied fitted with a FallSecure™ Vertical Safety Track system.

### PLATFORMS

In the event, a ladder's height reaches or exceeds 10m, a platform section is required to allow users to rest using the ladder.
